Tribute & Honour

TRIBUTE & HONOUR

Honouring the courage, tenacity, faith, support and amazing teamwork of all those involved in quenching the fire outbreaks in Australia. It is inspiring to witness families; children and farmers contributing to the healing and hope. NSW has managed 3000 fires. We are a testimony of the essence of goodwill of Australians – we come out in droves to “lend our hand”

I read about children making sandwiches for the firefighters – well done! Two years ago the Children of Chittaway had a concert and raised \$700 for the Queensland floods. Their song Start Again and Keep on Going can be heard on this link

Will you lend your heart and hand in your purse to donate \$10? Imagine this Brain Booster goes to my data base of 2400 people. If we honoured our fellow Australians and pitched in \$10 each, this PowerMind Brain Booster community would raise \$25,000!! I vision this – please reply what you donated and total will posted in our next BB.

SUGGESTED ACTION FROM THIS BRAIN BOOSTER: I commit to donating \$10 to the fire fund & reply that I have
